The Memorial Minute Adopted by the University of New Mexico Faculty, May 14, 1963, remembers Dr. Duncan in the following way: Julian S. Duncan, a former faculty member and chair of the Department of Economics at UNM, is remembered as “much more than an economist and teacher. He was a warm and sympathetic person who took upon his own shoulders many problems of his colleagues and students; several students would not have graduated had it not been for his encouragement and assistance. Beneath an unpretentious demeanor lay a firm resolve to do what was right and to lend what assistance he could.” The Department is now accepting applications for one scholarship of **\$2,000**, which will be awarded to a promising student with interests in the **economic development of Latin America**.
